EDUCATION

Business Administration (Marketing)

Tilak Maharashtra Vidapeeth, Pune
06/2016 - 05/2019
Bachelor's

SUMMARY

I am a senior front-end developer with three years of meaningful contributions, both as a sole product owner and as part of teams of varying size and scope. I have experience driving projects forward as the front-end development team lead, regardless of whether it's a legacy project or a new concept. I aim to tackle more complex problems and continue to find ways of improving user experience.
